The labor price shall equal the estimated man hours required annually multiplied by the hourly rate for labor.

B. MATERIAL

Bidders shall submit a price for materials based on a mark-up percentage of the invoiced cost of materials required for the work.

The materials price shall equal the estimated materials cost required annually plus the mark-up cost bid by the contractor.

The Contractor shall also maintain a service log identifying equipment at each facility at all locations, with a summary of service performed and the date performed.

12. EQUIPMENT

The Service Contractor shall provide all tools, machinery, apparatus, and equipment customarily required to accomplish the maintenance and repair of wells and related equipment of the Park Commission. The cost of all such tools, machinery, apparatus and equipment shall be included in the hourly base bid for labor. No separate payment shall be made, except for such equipment not customarily required for maintenance or repair service calls. Examples include bucket trucks, backhoes, and similar large specialized equipment.

Billing for specialized equipment shall be in accordance with prevailing rental rates, in increments of half days, for the time actually spent on the project. The contractor's mark-up on equipment rental costs shall not exceed ten percent (10%).

13. PAYMENT FOR SERVICES

The Contractor shall record all service on a Service Order Report that shall include the nature of the request for service, the evaluation of the problem, a description of the work performed, a listing of materials used, and the time arrived on site and the time departed.

The Service Order Report shall be signed by the Department Manager or designated representative, and a copy provided to the Department Manager or designated representative. All invoices shall include a copy of the signed Service Order Report.

Itemized Invoices shall be submitted to the department requesting the work. Billings for labor shall be in half-hour increments.

Payment shall be made in accordance with the rates bid on the proposal sheet. The hourly rate bid should include all costs of labor, overhead and transportation. The hours for which payment shall be made will be for the time on the job site only. No payment shall be made for travel time to and from the site of any work under the contract.

14. CONTRACT TERMS

The contractor will provide services for maintenance and repairs for the Park Commission's wells and related equipment for a period of one year.

The Park Commission may choose to extend this contract for two one-year extensions, the cost of which will be based on the Implicit Price Deflator for State and Local Government Purchases of Goods and Services, computed and published quarterly by the United States Department of Commerce, Bureau of Economic Analysis, N.J.S.A. 40A:11-2 (38) and 11-15. If, during the effective period of this contract, the Contractor violates any of the provisions of this contract or fails to properly provide services required by this contract as judged by the Park Commission in its sole discretion, the Park Commission may, on 30 days' written notice by registered mail to the Contractor, terminate this contract. (See also Termination Clauses.)

Each extension requires a separate Resolution awarding this contract.

15. OVERTIME AND HOLIDAYS

1 ½ times the hourly rate bid for:

- All hours in excess of eight (8) per day, Monday through Friday and all hours on Saturday.

Two (2) times the hourly rate bid for:

- All hours on Sundays and Holidays.

The Park Commission shall not pay for overtime work except in the case of an emergency service call, and where authorized by the Department Manager or designated representative.

16. ESTIMATE OF WORK HOURS

The Park Commission has estimated the number of man-hours required annually to be 150 Standard Service hours, and 75 Emergency Service hours. This estimate is provided to enable an objective comparison of contractors' bid proposals.

The Park Commission does not and will not warrant or guarantee the amount of work hours to be supplied/required in any given day, week, month or year, or in the aggregate, pursuant any contractual agreement awarded under these bid specifications. Nothing contained in any of the bid documents shall be construed to guarantee or warrant any amount of work hours.

Nothing herein shall entitle the successful bidder to any claim to an hourly price increase for lost profits or for any other compensation whatsoever in the event that the actual work hours supplied/required under this agreement are more or less than estimated work hours.

AMERICANS WITH DISABILITIES ACT OF 1990 Equal Opportunity for Individuals with Disability

The Contractor and the Owner, do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. 5121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim, If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
