VOLUNTEERS

Somerset County Park Commission is committed to excellence in promoting stewardship of land and resources, providing outstanding recreation opportunities and leisure services, and fostering an environment which is service oriented and responsive to public needs.

It's a great mission, but we can't do it without you! People are the foundation upon which the Somerset County Park Commission has been built with diverse facilities, introductory recreation programs, and enthusiastic staff and volunteers. It is only through the generous contribution of talent, time, and caring service provided by volunteers that the Park Commission is able to fulfill its mission. Volunteers serve in many aspects of the Commission, enabling the expansion of quality services, programs, and conservation efforts to Somerset County and its citizens.

Volunteers build bird boxes, groom horses, and construct trails. They also assist at special events, serve as garden docents, assist in the Therapeutic Recreation program, and act as Naturalist assistants.

Many diverse opportunities exist for volunteers...and there are many benefits to volunteering as well, including meeting new people, having fun, learning new skills, preserving history, building self-confidence, and improving the Somerset community, just to name a few.

The Somerset County Park Commission is grateful to its volunteers and recognizes the generosity of those who give of themselves. Come join us!

No matter how big and powerful government gets, and the many services it provides, it can never take the place of volunteers.
