COOPERATIVE PRICING CONDITIONS

METHOD OF AWARDING CONTRACTS

Contract(s) of purchase shall be awarded to the lowest responsible bidder(s) as declared by the County of Somerset. The contract awarded between the County of Somerset and the successful vendor(s): (1) shall establish the contractual obligation regarding the specific items, specifications and quantities to be provided to the Lead Agency; and (2) shall also set forth the estimated quantities, together with relevant delivery information, with respect to the Other Agencies, as specified in these specifications. All Other Agencies ordering any materials, supplies or work pursuant to this master contract shall do so by issuance of the appropriate contract between the Other Agency and the vendors, subject to the requirements of the master contract, which may be referred to by reference. No such subsidiary contract issued by another agency shall provide for any deviation from the specifications, price or quality set forth in the master contract pursuant to these specifications.

No vendor shall be required or permitted to extend bid prices to participating contracting units unless so specified in the bids. In the event that the lowest responsible bidder, responding to these specifications, indicates by the appropriate checkmark unwillingness to extend the bid prices to the Other Agencies category, then the contract for the stated needs of the Lead Agency will be awarded to the lowest responsible bidder, and new bids will be sought and a second master contract subsequently awarded with respect to the needs of the Other Agencies (OR... the contract for the stated needs of the Lead Agency will be awarded to the lowest responsible bidder, and a second *(Master) contract for the Other Agencies will be awarded to the next lowest bidder whose bid agrees to so extend his prices); (OR... only the contract for the Lead Agency's needs will be awarded, and all other bids shall be rejected, and no further bids will be sought by the Lead Agency on behalf of the Other Agencies.

The purpose of the master contract with respect to the Lead Agency shall be to establish the specifications and price. The subsidiary contracts, placing the orders with the vendor shall establish the quantities required by each Other Agency within the limits set forth in the master contract. The successful vendor shall invoice each of the Other Agencies, and Other Agencies shall pay the vendor directly. No additional contract will be required with respect to the needs of the Lead Agency as specified in the awarded master contract.

OTHER AGENCY REQUIREMENTS

The undersigned is further: (CHECK ONLY ONE BOX)

WILLING to provide the item(s) herein bid upon to Other Agencies in System 2-SOCCP, Somerset County Cooperative Pricing System, without substitution or deviation from specifications, size, features, quality, price or availability as herein set forth. It is understood that orders will be placed directly by the other participating agencies by separate contract, subject to the overall terms of the master Contract to be awarded by the County of Somerset that no additional service or delivery charges will be levied except as permitted by these specifications.

NOT WILLING to extend prices to Other Agencies as described. It is understood that this will not adversely affect consideration of this bid with respect to the needs of the County (Lead Agency). *In keeping with Somerset County's commitment to providing cooperative pricing contracts for its membership, refusal to extend pricing to the co-op may result in a dual award to include an alternate vendor willing to extend pricing for the duration of the contract.

9. NEW JERSEY PREVAILING WAGE ACT (When Applicable) N.J.S.A. 34:11-56.25 et seq.
Pursuant to N.J.S.A. 34:11-56.25 et seq, contractors on projects for public work shall adhere to all requirements of the New Jersey Prevailing Wage Act. The contractor shall be required to submit a certified payroll record to the owner within ten (10) days of the payment of wages. The contractor is also responsible for obtaining and submitting all subcontractors' certified payroll records within the aforementioned time period. The contractor shall submit said certified payrolls in the form set forth in N.J.A.C. 12:60-6.1(c). It is the contractor's responsibility to obtain any additional copies of the certified payroll form to be submitted by contacting the New Jersey Department of Labor and Workforce Development, Division of Workplace Standards. Additional information is available at https://www.nj.gov/labor/wagehour/wagerate/wage_rates.html.

10. THE PUBLIC WORKS CONTRACTOR REGISTRATION ACT–N.J.S.A. 34:11-56.48 et seq.
N.J.S.A. 34:11-56.48 et seq. requires that a general or prime contractor and any listed subcontractors named in the contractor's bid proposal shall possess a certificate at the time the bid proposal is submitted. After bid proposals are received and prior to award of contract, the successful contractor shall submit a copy of the contractor's certification along with those of all listed subcontractors. All non-listed subcontractors and lower tier sub-subcontractors shall be registered prior to starting work on the project. It is the general contractor's responsibility that all non-listed sub-contractors at any tier have their certificate prior to starting work on the job.

Under the law a "contractor" is "a person, partnership, association, joint stock company, trust, corporation or other legal business entity or successor thereof who enters into a contract" which is subject to the provisions of the New Jersey Prevailing Wage Act (N.J.S.A. 34: 11-56.25, et seq.) It applies to contractors based in New Jersey or in another state.

The law defines "public works projects" as contracts for "public work" as defined in the Prevailing Wage statute (N.J.S.A. 34:11-56.25(5)). The term means:

- "Construction, reconstruction, demolition, alteration, or repair work, or maintenance work, including painting and decorating, done under contract and paid for in whole or in part out of the funds of a public body, except work performed under a rehabilitation program.
- "Public work" shall also mean construction, reconstruction, demolition, alteration, or repair work, done on any property or premises, whether or not the work is paid for from public funds..."
- "Maintenance work" means the repair of existing facilities when the size, type or extent of such facilities is not thereby changed or increased. While "maintenance" includes painting and decorating and is covered under the law, it does not include work such as routine landscape maintenance or janitorial services.

To register, a contractor must provide the State Department of Labor and Workforce Development with a full and accurately completed application form. The form is available online at https://www.nj.gov/labor/wagehour/regperm/pw_cont_reg.html.

N.J.S.A. 34:11-56.55 specifically prohibits accepting applications for registration as a substitute for a certificate or registration.

11. NON-COLLUSION AFFIDAVIT – N.J.S.A. 52:34-15
The Non-Collusion Affidavit, which is part of these specifications, shall be properly executed and submitted intact with the proposal.

12. NEW JERSEY ANTI-DISCRIMINATION – N.J.S.A. 10:2-1
There shall be no discrimination against any employee engaged in the work required to produce the goods and services covered by any contract resulting from this bid, or against any applicant to such employment because of race, religion, sex, national origin, creed, color, ancestry, age,

marital status, affectional or sexual orientation, familial status, liability for service in the Armed Forces of the United States, or nationality. This provision shall include, but not be limited to the following: employment upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The contractor shall insert a similar provision in all subcontracts for services to be covered by any contract resulting from this bid.

13. MANDATORY EEO/AFFIRMATIVE ACTION EVIDENCE – N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17-27 et seq.

No firm may be issued a contract unless it complies with the affirmative action provisions of N.J.S.A. 10:5-31 et seq. and N.J.A.C. 17:27-1 et seq. as administered by the Division of Purchase & Property Contract Compliance and Audit Unit (Division) and provided below. The Certificate represents the review and approval of the vendor's Employee Information Report, Form AA-302 by the Division
- iii. The successful bidder shall complete an Initial Employee Report, Form AA-302 and submit it to the Division with a check or money order for \$150.00 made payable to "Treasurer, State of New Jersey" www.state.nj.us/treasury/contract_compliance

**AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disability**

The Contractor and the Owner, do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 *U.S.C.* S121 01 et seq.), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim, If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

Before a contract for goods or services can be amended or extended, a person or entity must certify that neither the person or entity, nor any parent entity, subsidiary, or affiliate, is identified on the Department of Treasury's Russia-Belarus list.
